قال تعالى : (أقرأ باسم ربك الذي خلق * خلق الانسان من علق * اقرأ وربك الأكرم * الذي علم بالقلم * علم الانسان ما لم يعلم) صدق الله العظيم

Dedication:

TO the beloved members of my family

Acknowledgements:

Great praise is due to Allah the Almighty for enabling me to achieve this academic task. Great thanks are due to supervisor Dr. wigdan Yagoub Sherif for her great support and effort that in directing me to the right direction during this study.

Many deep thanks are due to my brothers and sisters and my friends .

Great and appreciation are extended to sister Nassreen Awad for the great an effort she exerted in using the SPSS program for data analysis. Great and appreciation are extended to my brother Abdelgader Bashir for his the great an effort he exerted to print my research.

Many deep thanks are due to the staff members of the Department of English language Dr. Nagla Taha. Head of the Department of English language . college of languages Dr. Hillary Marino is University lecturer ustaz Abd Elkreem kakum. at Sudan University of science and Technology for their considerable efforts in presenting this work. Finally I must express my very profound gratitude to my parents for providing me with unfailing support and continuous encouragement throughout my years of study and through the process of researching and writing this research . The accomplishment would not have been possible without them.

Abstract:

This study aimed at investigating the difficulties of pronouncing the English consonant sounds by undergraduates . the researcher used two tools for data collections , a questionnaire revised and verified by University level English teachers was used as a tool for data collection for a number of 20 University teachers and test administrated for a number of 50 students from Sudan University of science and Technology . college of languages English Department . that is to investigate the difficulties which encountered by students in pronouncing consonants sounds and offer suitable solutions for those difficulties. The results of this study revealed that, there are difficulties which encounter students in pronouncing consonant sounds because they have more than one way of pronunciation as well as the mother tongue interference , and the differences in the sound system . The researcher recommends that special attention should be drawn to use the audio and audiovisual especially language laboratories . which research thinks they will help in solving the difficulties encountered by students in pronouncing consonant sounds

Abstract Arabic version:

تهدف الدراسة الي تقصي صعوبات نطق التي تواجه دارسي اللغة الأنجليزية علي مشارف التخرج في نطق الأصوات الساكنه لدي الطلاب الجامعيين . أستخدم الباحث أداتين لاثبات صحه فرضيات الدراسة هما أستبانة لأساتذه اللغة الأنجليزية بجامعة السودان للعلوم والتكنولوجيا وأختبار للطلاب في قسم اللغة الأنجليزية بكلية اللغات في الجامعه نفسها للتحقق من المشكلات التي يواجهها الطلاب في نطق الأصوات الساكنه وتقديم الحلول المناسبه لتلك الصعوبات وخلصت الدراسة الي ان هنالك صعوبات يواجهها الطلاب في نطق الأصوات الساكنه وهي بعض الأصوات تشمل علي أكثر من طريقه للنطق نسبه لتداخل اللغة الام والأختلاف في نظام الأصوات و يوصي الباحث بأستخدام الوسائل السمعيه والبصريه خصوصا معامل اللغات التي يري الباحث أنها تساعد في حل الصعوبات التي يواجهها الطلاب في نطق الأصوات الساكنه.
