| 1  | Dedication  | I       |
| 2  | Acknowledgement                                       | II      |
| 3  | Abstract English                                      | III     |
| 4  | Abstract Arabic                                       | IV      |
| 5  | List of abbreviation                                  | V       |
| 6  | List of tables  | VI      |
| 7  | List of figures                                       | VIII    |
| 8  | List of Contents                                      | VIII    |
| <b>Chapter one: Introduction and literature review</b> |   |         |
| 1.1  | Introduction  | 1       |
| 1.2  | History of discovery                                  | 1       |
| 1.3  | Epidemiology  | 2       |
| 1.4  | Human Schistosomiasis in Sudan                        | 3       |
| 1.5  | Morphology  | 7       |
| 1.6  | Transmission  | 8       |
| 1.6.1  | Snail related aspects of transmission                 | 8       |
| 1.7  | Life cycle  | 10      |
| 1.8  | Clinical features of urinary Schistosomiasis          | 13      |
| 1.9  | Pathology and pathogenesis of Schistosoma haematobium | 14      |
| 1.10   | Diagnosis of Schistosomiasis                          | 18      |
| 1.11   | Treatment   | 20      |
| 1.12   | Immunity to Schistosomiasis                           | 21      |
| 1.13   | Prevention and control                                | 22      |
| 1.13.1   | Schistosomal vaccines                                 | 22      |
| 1.13.2   | Control   | 23      |
| 1.13.2.1   | Educaiton   | 23      |
| 1.13.2.2   | Molluscsdes   | 24      |
| 1.13.2.3   | Biological control of snails                          | 24      |
| 1.13.2.4   | Sanitation practices                                  | 24      |
| 1.13.2.5   | A topical drugs                                       | 24      |
| 1.14   | Rationale   | 25      |
| 1.15   | Objectives  | 26      |
| 1.15.1   | General objectives                                    | 26      |
| 1.15.2   | Specific objectives                                   | 26      |
| <b>Chapter Two: Material and method</b>                |   |         |
| 2.1  | Study design  | 27      |
| 2.2  | Study area  | 27      |

|  |   |    |
|--|---|----|
| 2.3  | Study population                          | 27 |
| 2.4  | Sample size                               | 27 |
| 2.5  | Time line                                 | 27 |
| 2.6  | Collection of samples                     | 27 |
| 2.6.1  | Urine collection                          | 27 |
| 2.7  | Methods of urine examination              | 28 |
| 2.7.1  | Sedimentation technique by centrifugation | 28 |
| 2.8  | Data analysis                             | 28 |
| <b>Chapter three: Result</b>                         |   |    |
| 3.   | Result                                    | 29 |
| <b>Chapter four: Discussion</b>                      |   |    |
| 4.   | Discussion                                | 49 |
| <b>Chapter Five: Conclusion &amp; Recommendation</b> |   |    |
| 5.1  | Conclusion                                | 52 |
| 5.2  | Recommendation                            | 53 |
| <b>References</b>                                    |   |    |
| <b>Appendices</b>                                    |   |    |
| Appendix: 1 Questionnaire                            |   | 64 |
| Appendix: 2 pictures                                 |   | 8  |
