

Acknowledgment

I here by thank Allah the all merciful for continuous successful used to offer throughout every step of my life.

My greater thanks and most grateful appreciation are owed to my supervisor Dr.Elsafi Ahmed Abdallah for his good guidance and help me for this research, also for sharing his wide knowledge to assist us in learning and practicing the use of ultrasound in medical field.

My gratitude thanks to Dr. Mohammed Elfadil for his valuable advice and cooperation.

Thanks should go to everyone supported and help me.
