

ACKNOWLEDGMENTS

All praises and thanks be to Allah, the lord of the
.mankind, jinn and all that exist

I would like to thank all people who have helped and inspired me during
.my M.Sc. study

In the first place I would like to record my gratitude to **Dr. Ali Hassan Fagir** for his supervision, advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, he provided me unflinching encouragement and support in various ways. His truly scientist intuition has made him as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a
!student, and a researcher. I am indebted to him more than he knows

I gratefully thank Dr. **Elhadi Elnazier** for his constructive comments on
.this thesis. I would, also, like to thank **my friends**
