Sudan University of Science & Technology
College of Graduate Studies

Programmable Logic Controllers Based
Generator Protection System

نظام حماية لمولد مبني علي المتحكمات المنطقية القابلة للبرمجة

A Thesis Submitted in Partial Fulfillment for the Requirements of the Degree of Master of Science in Electrical Engineering
(Microprocessor & Electronic Control)

Presented By:
Mohammed Elfatih Hassan Ahmed Mohammed

Supervised By:
Ustaz. Abd-Alla Salih Ali

October 2011
Approval Page

The thesis of:
Mohammed ElSafaa, Hebaa Ahmed

is approved.

Thesis title:
Programmable Logic Controllers Based Generator Protection System

External Examiner
