| <b>Abstract</b>            |  |
| <b>1. Introduction</b>     |  |
| <b>1.1 Thyroid Disease</b> |  |
| 1.2                        | <b>Notes</b>   |
| 2.                         | Literature Review  |
| 2. 1                       | Thyroid gland.   |
| 2.1.2.                     | Embryonic development and structure                        |
| 2.1.3                      | Internal structure of thyroid gland                        |
| 2. 1. 4.                   | Function of the thyroid gland                              |
| 2.1.6.2. 1                 | Clinical Symptoms  |
| 2. 1. 4.1                  | Thyroid function Tests                                     |
| 2. 1. 7.3                  | Hypothyroidism   |
| 2.1.8.3.2.1                | Clinical Symptoms  |
| 2. 1.4.1.1                 | Measurement of the basal metabolic rate (BNM)              |
| 2.1.4.1.2                  | Radioactive -iodine uptake and thyroid Scanning            |
| 2.1.4.1.3                  | Estimation of T3 and T4 together with TSH                  |
| 2.1.4.1.4                  | Hormones of the Thyroid gland                              |
| 1.2.1                      | Thyroglobulin synthesis                                    |
| 2.1.4.1.5                  | Release of T3 and T4                                       |
| 2.1.4.1.6                  | Transport and degradation of thyroid hormones T3 and $T_4$ |
| 2.1.4.1.4.1.               | Action of thyroid hormones                                 |
| 2. 1.4.1.4.2               | Effect on general metabolism                               |
| 2.1.4.1.4.3                | Effect on growth and development                           |
| 2.1.4.1.4.4                | Effect on nervous System                                   |
| 2.1.4.1.4.5                | Effect on metabolism                                       |
| 2.1.4.1.4.5.1              | In lipid metabolism  |
| 2.1.4.1.4.5.2              | Effect on vitamins requirements                            |

|                 |  |
|-----------------|--|
| 2.1.4.1.4.5.3   | Effect on water and minerals metabolism                    |
| 2.1.4.1.4.5.4   | Effect on carbohydrates metabolism                         |
| 2.1.4.1.4.1.2   | Effect on the cardiovascular system                        |
| 2.1.4.1.4.1.3   | Effect on the elementary tract                             |
| 2.1.4.1.4.1.4   | Effect on muscles  |
| 2.1.4.1.4.1.5   | Effect of thyroid hormones on gonads                       |
| 2.1.4.1.4.1.6   | Effect on mammary glands                                   |
| 2.1.4.1.4.1.7   | Effect on bone marrow                                      |
| 2.1.4.1.4.1.2.1 | Control of thyroid hormones                                |
| 2.1.4.1.4.1.3.1 | Role of iodine in thyroid function                         |
| 2.1.4.1.4.1.4.1 | Relationship between thyroid hormones and glucose level    |
| 2.1.4.1.4.1.4.2 | Effect on growth and development                           |
| 2.1.4.1.4.1.3   | Effect on nervous System                                   |
| 2.1.4.1.4.1.4   | Effect on metabolism                                       |
| 2.1.4.1.4.1.5   | In lipid metabolism  |
| 2.1.4.1.4.1.6   | Effect on vitamins requirements                            |
| 2.2             | Diabetes mellitus  |
| 2.2.5.1         | Antagonize Hormone to insulin                              |
| 2.2.5.2.        | GROWTH HORMONE   |
| 2.3.            | Objectives   |
| 3.              | Material and method  |
| 3.1.            | Material   |
| 3.1.1.          | Patients   |
| 3.1.2.          | Samples and Sampling technique                             |
| 3.1.3.          | kits and Reagents  |
| 3.2.1.          | Determination of thyroid stimulation hormone (TSH)         |
| 3.2.1.1.        | Assay principle  |
| 3.2.1.2.        | Assay procedure  |
| 3.2.2.          | Determination of Total thyroxine ( T <sub>4</sub> )        |
| 3.2.2.1.        | Principle  |
| 3.2.2.2.        | Assay procedure  |
| 3.2.2.3.        | Calculation  |
| 3.2.3.          | Determination of Total triiodothyronine ( T <sub>3</sub> ) |
| 3.2.3.1.        | Principle  |
| 3.2.3.2.        | Assay procedure  |
| 3.2.3.3.        | Calculation  |
| 3.2.4.          | Determination of blood glucose                             |

|          |                 |
|----------|-----------------|
| 3.2.4.1. | Principle       |
| 3.2.4.2. | Procedure       |
| 3.2.4.3. | Calculation     |
| 3.1.4.   | Equipments      |
| 4.4      | Results         |
| 4.1.1    | List of tables  |
| 4.1.2    | List of figures |
| 4.2      | Discussion      |
| 4.3      | Conclusion      |
|          | Recommendations |
|          | References      |
|          | Questionnaire   |
