List of Figures                         VIII
List of Tables                          X
Abbreviations                           XI

Chapter 1: Introduction                1
1.1 Overview                            1
1.2 Sudan national Electricity Network Topology 2

1.3 Objectives                          2
1.4 Thesis out lines                    3

Chapter 2: Protection Performance      4
2.1 Definition of Protection System     4
2.2 Why the Need for Transmission Lines Protection 4
2.3 Primary and Back-up Protection      5
2.4 Unit and Non-Unit Protection        5
2.5 Need for Protective Apparatus       6
2.6 Basic Requirements of Protection Apparatus 6
2.7 Basic components of protection      7
2.8 Important Considerations when Designing 7
Protection Systems                      8
2.9 Autoreclosing                       8

Chapter 3: Distance Protection         9
3.1 Introduction                       9
3.2 Basic Principles of Distance Protection 9
3.3 Zones of Protection                 10
