

ACKNOWLEDGEMENTS

Following thanks to Almighty Allah, I would like to express profound gratitude to my supervisor Dr. Saif Eldin M. Kheir , who suggested the problem, for his continued encouragement, patient supervision and critical comment on the manuscript.

Thanks also extended to my co-supervisor Dr. Awad Khalaf Allah for his keen interest and going through manuscript.

In this regard, includes the financial assistance, I wish to express my deep appreciation of the timely and efficient help given me by Dr. Mohamed M. Elhanam, the Under Secretary of Ministry of Agriculture and Forestry , and Engineer , Gabir A. Abdelmouhsin , the Minster of Agriculture of Gadarif State.

My grateful thank also goes to the staff of Plant Protection Directorate , namely, Elsayed , Sharaf Eldin H. Dawood and his assistant staff.

I would also gratefully acknowledge the keenness, co-operation and inspiration received from the staff of Agricultural Research Stations at Damazin and Gadarif, and many of my colleagues and others whom a personally record was not touched upon, but remain with kind regards.
