Dedicated To

My country

My parent

My family, with love and respect

In the preparation of this dissertation, I would like to extend my thanks and gratitude to the following people for their support.

The head staff of Marble Engineering Corporation & Elshajara Complex without whose help I never would have had the chance to learn what I have. My family who are proof of a family that shows love and understanding.

Most importantly to God without whom our lives are meaningless.

Minimizing Waste & Improving Performance Through Total Quality Management (Case study in Elshajara Complex)

BY
MEJDI ABDELRAZIG ELHAJ

This thesis has been Approved and Accepted in Partial Fulfillment of the Requirement for the Degree of Master of Science in Mechanical Engineering (Production)
