- .List of Symbols                                                      IX
- .List of Figures                                                      X
- .Abbreviations                                                       XI

## Chapter One  

**Introduction to Field Processing Facilities (FPF).**

1-1: Introduction.  
1-2: Facility Type  
1-3: Classifications of Crude Oil  
1-4: Crude Oil Properties  
1-5: Fluid Properties  
1-6: Sudan Crude Oil Background  
5 1-6-1: Sudan Crude Oil History  
1-6-2: Operational Companies in Sudan  
1-7: Project Objective
# Chapter Two

## Oil, Water and Gas Separation

2-1: Two Phase Separation. 8
2-1-1: Factors Affecting Separation 8
2-1-2: Separators 9
2-1-3: Separator’s Settling 12
2-1-4: Separator Sizing 12
2-1-5: Oil & Water Separation 15

2-2: Three-phase Separation 15

2-3: Separator Sizing 20

2-4: Horizontal vs. Vertical Separators Selection 22

# Chapter Three

## Oil Treatment Unit

3-1: Treaters 24
3-1-1: Vertical Treaters 24
3-1-2: Horizontal Treaters 24
3-1-3: Electrostatic Treaters 26
3-2: Equipment Sizing Theory 26
3-3: Heat Exchangers 30
3-3-1: Shell & Tube Heat Exchanger 30
3-3-2: Basic components of Shell & Tube Heat Exchanger 31
3-3-3: Parallel Flow & Counter Flow Exchangers 35
3-3-4: Heat Exchanger Effectiveness 39

Chapter Four

Oil Storage Unit

4-1: Oil Storage Tanks 42
4-1-1: Type of Vertical Tanks 42
4-2: Design of Tank 43
4-2-1: Bottom Design 46
4-2-2: Bottom Welding 48
4-2-3: Shell Design 48
4-2-4: Shell Welding 49
4-2-5: Roof Design 49
4-3: Design Requirements 49
4-4: Fixed Roof Design 51
4-5: Sedimentation Tank 54
4-5-1: Sedimentation 54
4-5-2: Tank Design 55
4-5-3: Design Parameters. 57
Chapter Five

Fire Protection Unit

5-1: Basics of Fire-Safety Design 58
5-2: Fire and Explosion Mechanism 58
5-3: Equipment Selection and Arrangement 59
5-4: Layout Considerations 59
5-5: Construction Materials 59
5-6: Fire Protection Water System (FPWS) 61
5-7: Water Sprays and Sprinklers System 61
5-8: Foam System 62
5-9: Components 62
5-10: Foam Generating Equipments 63
5-11: Fire Extinguishers 63
5-12: Fire Detection, Alarm and Control System 63

Chapter Six

Conclusion & Recommendations
