*A dissertation Submitted in partial fulfillment of the Requirements for the Degree of Master  
Science (M.Sc.) in Tropical Animal production*

**Supervisor:**

**Dr: Elfadil Ahmed Adam**

***May 2012***

## **Acknowledgment**

*I would like firstly to thank Allah for giving me knowledge, patience and support to complete this task. This study was conducted and accomplished with the help and assistance from many parties to whom I extend my sincere appreciation and thanks. At the outset I would like to express the deep gratitude which I feel for the serious and patient supervision provided to me by Dr /El fadil Ahmed Adam. Also I would like to thanks ustaz / Yassin ELamin, and Gratitude also extended to Manal Fouad For their help and support and to all people who helped and encouraged me during the study period. I would like to extend my thanks to the Animal Production Department, Sudan University of Science and Technology.*
