Appendix I

Sudan university of sciences and technology

College of graduate studies

Assessment of Plasma Lipid Profile in Sudanese Cigarette Smokers in Khartoum State

Questionnaire

Date \ \ no ()

A\ General information :

Full name :

Age :

Hight :

Weight :

Duration of smoking :

Number of cigerate per day:

B\ Clinical information:

Hypertention : yes () no ()

Diabetes maletus : yes () no ()

Renal diseases : yes () no ()

Hypothyrodism: yes () no ()

Cardiovascular disease: yes () no ()

hyperlipidemia: yes () no ()

C\ Laboratory investigation (mg /dl):

Cholesterol :

Triglyceride :

High density lipoprotein (HDL-C) :

low density lipoprotein (LDL-C):
