

## **Table Of Content**

<b>LIST OF FIGURE.....</b>	<b>I</b>
<b>LIST OF TABLE.....</b>	<b>III</b>
<b>ABSTRACT (English).....</b>	<b>IV</b>
<b>ABSTRACT (Arabic).....</b>	<b>V</b>
<b>1-Introduction: Rock mechanics, Bore stability and Drilling mud selection</b>	
<b>1-1: ROCK MECHANICS .....</b>	<b>2</b>
<b>1-1-1: Rock Failure.....</b>	<b>2</b>
1-1-1-1: Mohr – coulomb Failure Criterion .....	2
1-1-1-2: Hoek-Brown criterion.....	3
1-1-1-3: Drucker – Prager Criterion Extended Vonmises .....	3
<b>1-1-2: Rock Properties.....</b>	<b>4</b>
1-1-2-1: Loading –Unloading Characteristics.....	4
1-1-2-2: Poro-Elasticity.....	5
1-1-2-3 : Fracture Toughness.....	6
1-1-2-4: Pore Collapse.....	6
1-1-2-5: Near-Well Bore Stress Field.....	6
<b>1-2: Determination of rock properties .....</b>	<b>7</b>

<b>1-3:</b> Bore stability and drilling mud selection.. .....	8
1-3-1: Effect Of Circular Hole On Stress Distribution.....	8
1-3-2: Magnitude And Direction Of The In-Situ Stress Fiel.....	10
<b>1-4:</b> Mud Weight To Prevent Hole Collapse.....	11
1-4-1: Determine The Three In-Situ Stresses $\sigma_1$ , $\sigma_2$ , $\sigma_3$ .....	11
1-4-1-1:The Mohr-Coulomb failure criterion.....	11
1-4-1-2: The Drucker- prager failure criterion.....	11
1-4-2: Determine the cohesion and angle of internal friction from laboratory testing of cores from off set wells.....	12
1-4-3:Calculate the failure surface from either equation.....	12
1-4-4:Calculate stresses at the bore hole wall as follows.....	12
1-4-5: Preventing bore hole instability .....	12
<b>2-Bamboo Field Geological: Tictonic&amp; And Sidmentology</b>	
<b>2-1:</b> Muglad Basin.....	14
2-1-1: Regional Geology.....\.....	14
<b>2-2:</b> Basin Stratigraphy .....	17
<b>2-3:</b> Bamboo West Field.....	18
<b>2-4:</b> Structure Map& Well Profile .....	23
2-4-1:Structure map of Bamboo west field .....	23

2-4-2: Well Profile .....	23
<b>3- Off Set Drilled Wells Data Acquizition &amp; Analysis</b>	
<b>3-1:</b> Drilling Parameter .....	26
<b>3-2 :</b> Hydraulic Parameter.....	28
<b>3-3:</b> Wire Line Log.....	31
<b>3-4 : </b> Data &Graphfical Correlation.....	33
3-4-1: Graphfical Correlation Of Drilling Parameter.....	33
3-4-2: Graphfical Correlation Of Hydraulic Parameter.....	34
3-4-3: Graphfical Correlation Of wire Line Log.....	35
3-4-4: Result & Discussion.....	36
<b>4: Bamboo West Field Rock Stability And Mud Selection</b>	
<b>4-1:</b> Bamboo west -1 .....	38
<b>4-2 :Bamboo West -3.....</b>	39
<b>4-3:</b> Bamboo West -4.....	40
<b>4-4:</b> Bamboo West -6.....	40
<b>4-5:</b> Bamboo West – 7.....	40
<b>Chapter Five: Conclusion and Recommendations.....</b>	44
<b>References .....</b>	46
