College of Graduate Studies

The partial fulfillment for the degree of MSC in electronic  
engineering communication department

# **Computer Graphic Simulation of Radar Display**

محاكاة شاشة الرادار باستخدام الكمبيوتر

Prepared by: Abdelsamad Ahmed Bakhit Ali

Supervised: Dr. Abde Rasoul Gabar

September 2008

To:

My Father,  
The spirit of my mother  
My brothers,  
My sisters,  
My aunts,  
My friends,  
and My teachers.

## **Acknowledgements**

Above all, I render my thanks and praise to Almighty Allah who offered mine all things to accomplish this work, I would like to acknowledge the following for help, encouragement, and support during the preparation of this research.

I now thank Dr. ABD ELRASOUL GABAR, my supervisor (faculty of Eng., Sudan University of Science and Technology) for, his patience, guidance, valuable guidance and encouragement throughout the course of research work and manuscript preparation. I could not have completed this work without the continuous support of my family. The support and encouragement of all my family members and friends are appreciated. I am so grateful to Dr. Abdalla Gaafar and his family for their support. I would like to thank Mr.A.Elrahim and 4GE family for keeping my computer systems going while providing copious help leavened with deadpan humour.
