Table of Contents:

الاستهلال……..I

Dedication:…..……II

Acknowledgement:…..…….....III

Abstract:……..IV

Table of Contents…….....VI

List of Tables……X

List of Figures……....XI

Abbreviation:…….……...XIII

CHAPTER ONE

INTRODUCTION:…….2

1.1 Preface:……3

1.2 Problem Statement:…….3

1.3 Proposed Solution:……..3

1.4 Aim and Objectives:…….. 4

1.5 State of the Art:…….. 4

1.6 Methodology……..….5

1.7 Thesis organization:……5

CHAPTER TWO

LITRE RATURE REVIEW:……....7

2.1 Technical background:….....……8

2.1.1 Global Positioning System (GPS)…….8

2.1.2 Google Map……..8

2.1.3 Global System for Mobile Communication (GSM)……..8

2.1.4 Subscriber Identity Module (SIM)……8

2.1.5General Packet Radio Service (GPRS)……..9
2.1.6 Android:…..…….……9
2.1.7Arduino:……...10
2.1.7.1 Arduino Advantages……..……12
2.1.8 LinkIt-ONE ……14
2.1.8.1 LinkIt-ONE Features…..……...14
2.1.8.2Linkit ONE Antennas:……15
2.1.8.3 Linkit ONE Switches:…….……...……...16
2.2 Related works……17

CHAPTER THREE SYSTEM DESIGN AND IMPLEMENTATION……...26

3.1General description of System……...27
3.2 In Vehicle device:……..28
3.2.1 LinkIt-ONE development board:……28
3.2.2 Data Collection Units:……..…….....31
3.2.2.1 GPS receiver module: ……...31
3.2.3 Transmission unit:…….……..31
3.2.3.1GSM/GPRS module: …….....……...……31
3.2.3.2 wifi-Anntena:……32
3.2.3.3 Connecting to the web using Wi-Fi:…….……33
3.2.4 Regulated Power supply:……...…….…34
3.2.5 Relay Driver:……..……...……..……36
3.3 Web server:..…….……38
3.4 Monitoring unit:……38
3.4.1 Templates for tracking and control……..……...39
3.4.1.1 Visualization:……..…….…….…39
3.4.1.2 control:…….……..…….……...39
3.5 Software Program: ..……...……...39

3.5.1 Programming of LinkIt-ONE chip:..……..39
3.5.2 Running of Linkit-ONE code:..…….……40
3.5.3 Configuration Switches……...42
3.6 Advantages and Applications of the system:……43

CHAPTER FOUR

RESULT AND DISCUSSION:……..…….45

4.1 Over view…….…46
4.2 Simulation result:……..46
4.2.1 Result of location position and speed:……..……46
4.2.2 Result of detecting speed:……...47
4.2.3 Result of relay control circuit:……..…….....48
4.3 Serial Monitor Result:……..…….50
4.4 Result of android application page:……..….50
4.5 Result of GPS location:…….……51
4.6 Result of show history on Google map:……..…..51
4.7 Result of control button:……..……..52
4.8 Result of speed measuring:……..……..52
4.9 Hardware implementation:……..……..……...53

CHAPTER FIVE

CONCLUSSION AND RECOMMENDATIONS……..……..55

5.1 Conclusion:……56
5.2Recommendations:……57

References…..……..……58

Appendices…...……..……61

Appendix A code…...……..……62
