**Supervised by:**

**Prof. Hattim Makki Mohamed Makki**

**October. 2017**

## ***DEDICATION***

First we dedicate this piece of work to our families for their encouragement and support.

Second our deep dedication to our friends for their support and kindness.

At last our dedication is to our teachers, colleagues and all those how offered our valuable knowledge.

## ***ACKNOWLEDGEMENTS***

First of all we would like to express our prayers and thanks to our great ALMIGHTY ALLAH enabling us to complete these study.

We would like to express our deep appreciation and sincere gratitude to our supervisor prof. Dr. Hattim Makki for his great assistance and valuable advice. Ineffable thank to all staff members of Department of Food Science and Technology, Sudan University of Science and Technology especially prof. Dr. Ahmad Alwad, for their great support and assistance.

Finally, Gratitude Thank are also given to any other one who had supported our during this study.
