

SUDAN UNIVERSITY OF SCIENCE AND TECHNOLOGY  
COLLEGE OF GRADUATE STUDIES  
CIVIL ENGINEERING  
DEPARTMENT OF STRUCTURES

## **Predicting Compressive Strength of High Strength Concrete Using Artificial Neural Networks**

التنبؤ بقوة الضغط للخرسانة عالية القوة باستخدام

الخلايا العصبية الاصطناعية

**A Thesis Submitted In Partial Fulfillment of the Requirements for the Degree  
of Master in Civil Engineering**

By

**Ahmed Mohammed Gaily**

Supervisor

**UZ. Mahmoud Ahmad Mohammed Khogali, Sudan University of  
Science & Technology**
