Utilization of Tomato Fruits in Production of Natural Juice

إستخدام ثمار الطماطم في إنتاج العصير الطبيعي

By

Yousra Ebrahim Mohammed Taha

Mona Hamad Adam Mustafa

A dissertation Submitted to Sudan University of Science and Technology in Partial Fulfillment for the Requirements of Bachelor Science Degree in Food Science and Technology, Department of Food Science and Technology,
College of Agricultural Studies

Supervised

By

Res. Sci. / EI HAB HATEM JAD ELRAB (lecturer)

(Nov, 2018)

We Would Like to Dedicate this Modest Research

To our parents" with love".

To our Brothers and sisters,

To our supervisor ustz: Eihab Hatem

To our extended Families

To our Teachers, coworkers and Friends

With Great regard & respect.

Yousra & Mona

ACKNOWLEDGEMENT

First of all, we would like to express our Prayers and thanks to our great ALMIGHTY ALLAH gave us health, power and patience to complete and conductor study. This is a real blessing from Him and thanks to Him in the way that suits His supreme greatness. Blessing and peace from Allah to be upon our prophet Mohammed and all his Family and companions.

We wish to express deepest Grateful and sincere appreciations to our supervisor ustz: Eihab Hatem who was too patient with us during this study; Also We would like to express our gratitude to him for his systematic guidance, advice, constructive criticisms and continuous supervision until the completion of the study.

Thanks are also extended to our colleagues for their fruitful support and encouragement.

Finally, Ineffable thanks to the staff members of Department of FOOD SCIENCE & TECHNOLOGY, SUST, for their great support and assistance.

Gratitude Thanks are also given to any other one who had supported us during our felicitous scientific life.

Merciful ,,,
