

Figure: 3.20 HPLC. Chromatogram of Metronidazole benzoate. The effect of acid media (1MHCl) on photo degradation.

Sample (1): Metronidazole benzoate in standard 1MHCl .

Sample (2): Metronidazole benzoate in 1MHCl exposed to sunlight for seven days.

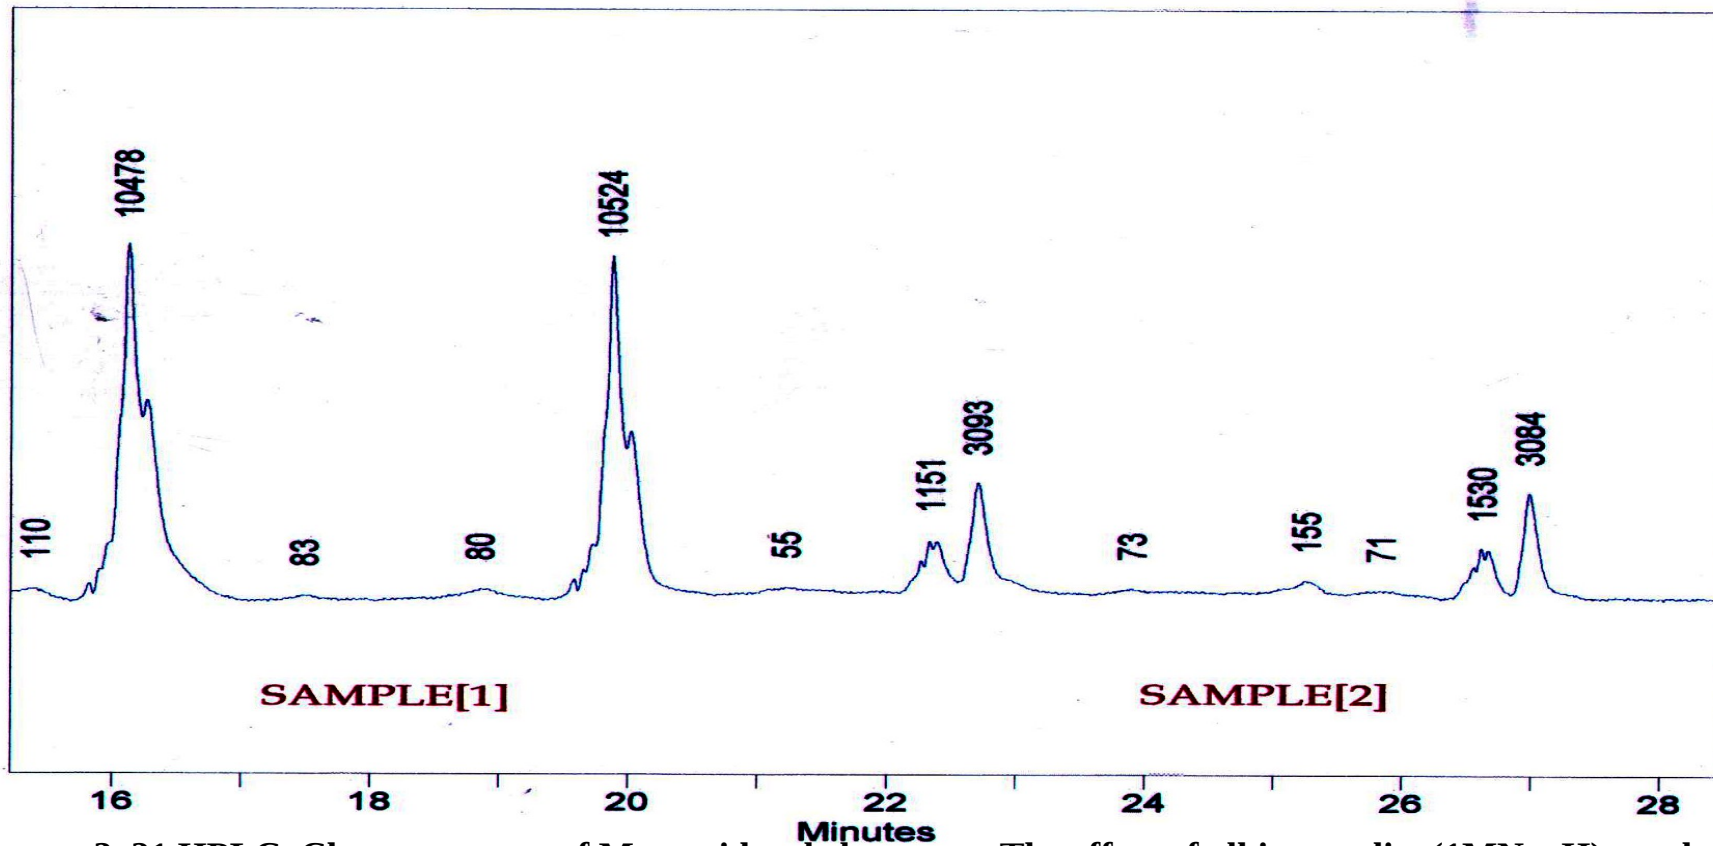

Figure: 3. 21 HPLC. Chromatogram of Metronidazole benzoate. The effect of alkine media (1MNaOH) on photo degradation.

Sample (1): Metronidazole benzoate standard in 1MNaOH.

Sample (2): Metronidazole benzoate in 1MNaOH exposed to sunlight for seven days.
