DUATE STUDIES

INVESTIGATION OF DRILLING OPERATION LIMITATION BY STRESS ANALYSIS AND FAILURE CRITERIA METHODS

دراسة محدودية عمليات الحفر باستخدام تحليل الإجهاد والطرق المعيارية لتمثيل الانهيار

ATHESIS SUBMITTED IN PARTIAL FULFILLMENT'S FOR THE DEGREE OF M. SC. IN DRILLING ENGINEERING

M. Sc. CANDIDATE: RUAA BASHIR MOHAMED BASHIR

SUPERVISOR: DR. AHMED ABDEl AZIZ IBRAHIM

January2011

الاستهـــــــــــلال

قال تعالى :

{أَنزَلَ مِنَ السَّمَاء مَاء فَسَالَتْ أَوْدِيَةٌ بِقَدَرِهَا فَاحْتَمَلَ السَّيْلُ زَبَداً رَّابِياً وَمِمَّا يُوقِدُونَ عَلَيْهِ فِي النَّارِ ابْتِغَاء حِلْيَةٍ أَوْ مَتَاعٍ زَبَدٌ مِّثْلُهُ كَذَلِكَ يَضْرِبُ اللّهُ الْحَقَّ وَالْبَاطِلَ فَأَمَّا الزَّبَدُ فَيَذْهَبُ جُفَاء وَأَمَّا مَا يَنفَعُ النَّاسَ فَيَمْكُثُ فِي الأَرْضِ كَذَلِكَ يَضْرِبُ اللّهُ الأَمْثَالَ } الرعد (17)

صدق الله العظيم

ACKNOWLEDGEMENT

I thank my parents how encouraged me by providing all facilities which enable me to fulfill this work.

To my sister and my friends how help me.

I am very grateful for my supervisor Dr. Ahmed Abdul Aziz how help me by all his knowledge and advice.

Table of Content

List of Figure	…….	I
List of Table	…….	II
Abstract (English)	…….	III
Abstract (Arabic)	…….	IV
Chapter One: Introduction and Literature Review		
1-1-1 Mohr Coulomb Failure Criterion model	…….	7
1-1-2 Hoek Brown Criterion model …….		8
1-1-3Drucker Prager Criterion model…….		8
Chapter Two:Tictonic and sidementology		
Muglad Basin…….		15
2-1-1: Regional geology……		15
2-2: Basin Stratigraphy……		15
2-4: Well profile……		20
Chapter Three: Data Acquisition and Analysis		21
3-1: Drilling Parameters……		22
3-2: wire line		2

log.....	4
3-3: Hydraulic Parameeter.....	27
3-4: Graphical Correlation .	
3-4-1: Hydraulic Parameter Graphical Correlation.....	30
3-4-2 : Wire line Log Graphical Correlation.....	32
3-4-3: Drilling Parameter Graphical Correlati.....	34
3-4-4: Result and Discussion.....	35
Chapter Four : Investigation of drilling operation limitation and equipment selection	
4-1-1 NEEM-F.....	37
4-1-2: NEEM-6.....	38
4-1-3: NEEM-10.....	39
4-1-4: NEEM-12.....	39
4-2:Mohr Calculation.....	39
4-3 : Drucker Prager Failure Model	42
Chapter Five :Conclusion and Recommendation	
5-1	5

Conclusion.....	6
5-2 Recommendation.....	56
References.....	58
