

LIST OF TABLES

Table		Page
.2-1	Percent inclusion rates of ingredients (as fed basis) in experimental diets.	27
.2-2	Calculated chemical composition(day matter basis)of the experimental diets.	28
.2-3	Analysed chemical composition (dry matter basis) of the experimental diets.	28
.3-1	The effect of dietary lipids on the performance of broiler chicks.	32
.3-2	The effect of dietary lipids on dressing percentage.	33
.3-3	The effect of dietary lipids on total lean chemical composition of broiler chicks.	34
.3.4	The effect of dietary lipids on serum and tissue cholesterol of broiler chicks.	35
.3-5	Feeding economics of the experimental groups.	36
