To my late father, who deserved all love and respect

To my mother, for her care and passion

To my darling and affectionate wife

To my lovely daughters and sons

I dedicate this work

Acknowledgments

I wish first to express my gratitude and respect to my supervisor Dr. Abdullah Yassin for his invaluable guidance and insightful advice. My thanks are also due to all those who encouraged me to go on with this work. I am truly graeful to Mr.Mujahid Jadallah, Mr. Muhammad Jadallah, Mr. Mufeed Arqoub, Mr. Mousa Feery and Mr. Abdel-Fattah Al-Amer.

I am also very much indebted to my sincere and lasting friend Dr. Hasan Hamad for his illuminating remarks and consistent encouragement which have been highly appreciated.

Special thanks go to the referees who evaluated the diagnostic test for their valuable suggestions: Dr. Insaf Abbas, Dr. Sameer Rammal, Dr. Nabeel Alawi, Dr. Fuad Hasan, and Dr. Fahmi Al-Aboudi.

My profound gratitude is forward to all my colleagues at Al-Quds Open University in the Ramallah District for their encouragement and valuable remarks.

Finally, I wish to thank all my relatives and friends whose names are not mentioned here and who have been supportive and helpful to me during my work on this study.
