Dedication	-
التجريدة	I
Abstract	II
Acknowledgement	III
Table of contents	IV
List of figure	VII
List of table	VIII
Chapter one : Introduction	
1.1 Definition of remote sensing	1
1.2 Objectives of research	1
1.3 Thesis layout	1
Chapter two : Satellites sensors	
2.1 Historical background	3
2.2 Satellite orbits and swaths	3
2.3 Scanner sensor systems	6
2.4 Data resolution	8
2.4.1 Spatial Resolution	8
2.4.2 Spectral resolution	9
2.4.3 Radiometric resolution	9
2.4.4 Temporal resolution	9
2.5 Overview of different sensors	10
2.5.1 National oceanic and atmospheric administration's advanced very high resolution radiometer	10
2.5.2 Landsat multispectral scanner	10
2.5.2 Landsat multispectral scanner	10
2.5.3 The return beam vidicon (RBV)	11
2.5.4 Landsat thematic mapper	11
2.5.5 High Resolution Visible Sensor	12
2.5.6 IKONOS	13

2.5.7 Synthetic Aperture Radar Sensors	13
Chapter three : Satellites series	
3.1 Introduction	17
3.2 Weather satellites	18
3.2.1 GOES	18
3.3 Land Observation Satellites	19
3.3.1 LANDSAT	19
3.3.1.1 The first LANDSAT series	19
3.3.1.2 The second LANDSAT series	20
3.3.1.3 The third LANDSAT series	21
3.3.2 SPOT	21
3.3.2.1 SPOT 1, 2 & 3	22
3.3.2.2 SPOT4	23
3.3.2.3 SPOT5	23
3.3.3 Indian remote sensing satellite (IRS)	24
3.3.4 The earth observing 1 (EO-1) mission	24
3.3.5 Aqua and Terra	25
3.3.6 ADEOS (Advanced Earth Observing Satellite)	25
3.3.7 Ikonos	26
3.3.8 QuickBird	27
3.3.9 CARTOSAT-1	28
3.3.10 GEOEYE	29
3.3.10.1 Geoeeye-1	29
3.3.10.2 Geoeeye-2	29
3.3.11 WORLDVIEW	30
3.3.11.1 WORLDVIEW-1	30
3.3.11.2 WORLDVIEW-2	30
3.4 Space borne Imaging Radar Systems	31
3.4.1 ERS-1,2	31
3.4.2 JERS-1	31
3.4.3 Radarsat	31
3.4.4 The Advanced Land Observing Satellite (ALOS) PALSAR	32

Chapter Four : Polynomial equation	
4.1 Introduction	34
4.2 First order polynomials equation	34
4.3 Second order polynomials equation	35
4.4 Third order polynomials equation	35
Chapter Five : Measurements and Results	
5.1 Measurements	39
5.1.1 The first test	40
5.1.1.1 IKONOS satellite image adjusted by first order	41
5.1.1.2 IKONOS satellite image adjusted by second order	42
5.1.1.3 IKONOS satellite image adjusted by third order	42
5.1.2 The second test	43
5.1.2.1 LANDSAT5 satellite image adjusted by first order	43
5.1.2.2 LANDSAT5 satellite image adjusted by second order	44
5.1.2.3 LANDSAT5 satellite image adjusted by third order	45
5.2 Results	45
5.2.1 Results of the first test	45
5.2.2 Results of the second test	46
5.2.3 Accuracy Evaluation	48
Chapter six : Conclusion and Recommendations	
6.1 Conclusion	51
6.2 Recommendations	52
Reference	53

List of figures

No. of figure	Figure	Page
2.1	satellites orbits	4
2.2	Ascending and descending passes	5
2.3	Swath	6
2.4	Type of scanner	7
3.1	IKONOS Satellite	27
5.1	Distribution of control and check points on IKONOS satellite image	39
5.2	IKONOS satellite image adjusted by first order	41
5.3	LANDSAT5 satellite image adjusted by first order	43
5.1	Linear error in IKONOS image	50
5.2	Linear error in LANDSAT5 image	50

List of tables

No. of table	Table	Page
2.1	comparison between different sensors	14
3.1	First LANDSAT series characteristics	20
3.2	Second LANDSAT series characteristics	20
3.3	The third LANDSAT series characteristics	21
3.4	Spot orbit characteristics	22
3.5	IRS satellite characteristics	24
3.6	Ikonos satellite characteristics	26
3.7	QuickBird satellite characteristics	28
3.8	Geoeye satellite characteristics	29
3.9	Characteristics of ERS-1 ,JERS-1 & Radarsat	32
3.10	ALOS characteristics	33
4.1	Pascal Triangle Associated with Two-Dimensional Polynomials	36
5.1	Coordinates of control and check points	40
5.2	Measured check points coordinates for first order	42
5.3	Measured check points coordinates for second order	42
5.4	Measured check points coordinates for third order	43
5.5	Measured coordinates of check points for first order	44
5.6	Measured coordinates of check points for second order	44
5.7	Measured check points coordinate for third order	45
5.8	Difference in Easting and Northing, and linear error for the first order	46
5.9	Difference in Easting and Northing, and linear error for second order	46
5.10	Difference in Easting and Northing, and linear error for third order	46
5.11	Difference in Easting and Northing, and linear	47

	error for first order	
5.12	Difference in Easting and Northing, and linear error for second order	47
5.13	Difference in Easting and Northing, and linear error for third order	47
5.14	R.M.S in Easting &Northing for three orders(IKONOS)	48
5.15	R.M.S in Easting &Northing for three orders(LANDSAT5)	49
5.16	linear error for the three orders	49
