

<b>No</b>	<b>Details</b>	<b>No of page</b>
1-1	Boiling point of some- OH compounds	7
1-2	Solubility of several alcohol	10
3-1	Determination of peak area of ethanol	36
3-2	Determination of peak area of sample before storage	37
3-3	Determination of peak area of sample at room temperature after 10 days	38
3-4	Determination of peak area of sample at room temperature after 15 days	39
3-5	Determination of peak area of sample at room temperature after 20 days	40
3-6	Determination of peak area of sample at refrigerator after 10 days	41
3-7	Determination of peak area of sample at refrigerator after 15 days	42
3-8	Determination of peak area of sample at refrigerator after 20 days	43
3-9	Determination of peak area of sample at 45 °C after 10 days	44
3-10	Determination of peak area of sample at 45 °C after 15 days	45
3-11	Determination of peak area of sample at 45 °C after 20 days	46
