The Contents	vii
Chapter 1 : Hyponormal and spectra of Toeplitz operators with normal Toeplitz matrices	1
Section (1.1) : Hyponormal of Toeplitz operators	1
Section (1.2) : Spectra of Toeplitz operator	8
Section (1.3) : Finite Normal Toeplitz matrices	40
Chapter 2 : Hypolynomiality Of Toeplitz Operators With Polynomial Circulant Type And Symmetric Type Symbols	49
Section (2.1) : Hypolynomiality Toeplitz Operators With Polynomial and Circulant -Type Symbols	49
Section (2.2) : Triangular Toeplitz Operators contraction for analytic Polynomial	59
Section (2.3) : Hypolynomiality Of Toeplitz Operators With Polynomial And Symmetric -Type Symbols	70
Chapter 3 : Joint Hyponormality Of Toeplitz pairs On Hardy And Bergman Space	79
Section (3.1) : Hyponormality Of Trigonometric Toeplitz Pairs Operators With analytic Polynomial symbol .	79
Section (3.2) Hyponormality Of Trigonometric Toeplitz Pairs	96
Section (3.3) : Applications	117
Chapter 4 : Subnormality and k- Hyponormality of Toeplitz	

Operators Of Multivariable Weighted Shifts .	132
Section (4.1) : Subnormality and k- Hyponormality of Toeplitz Operators	132
Section (4.2) : The Gap between k- hyponormality and Subnormality and finite Perturbation Unilateral weighted shifts	151
Section (4.3) : k- hyponormality of Weak Subnormality and multivariable weighted shifts	176
Chapter 5 : Toeplitz Operators On Bergman Spaces	206
Section (5.1) : The Bergman Kernel Functions	206
Section (5.2) : Hyponormal Toeplitz Operators On The Bergman Space	213
Section (5.3) Toeplitz Operators On The Polydisk On Bergman	225
Chapter 6 : Operators Commuting With Toeplitz Operators On Hardy Spaces	232
Section (6.1) : Operators Commuting Modulo The Finite Rank Operators	232
Section (6.2) : Operators Commute With Analytic Toeplitz perators Modulo The Finite Rank Operators	260
List of symbols	271
References	273
