

DEDICATION

To my mother who has been begging Allah to give me

the strength to go on studying without hindrance.

To the soul of my father who has taught me that life

is patience and struggle .

To the kind hearts at times of difficulty.....sisters,

brothers, and friends whom are found at the time of need.

To all my teachers who have shone me the light to

defeat illiteracy.

ACKNOWLEDGEMENT

Thanks and gratitude to my Supervisor

.Dr. ABDALSALAM ABDALLA DAFAALLA

.who guided me and helped me through this work

Thanks also to **all the staff of the chemistry**

department in Sudan University of Science and

.Technology

Finally, I would also like to thank **all those** who

offered Help during this work
