

ACKNOWLEDGMENT

In the name of Allah, Most Gracious, Most Merciful

All praise is to Almighty Allah (Subhanahu Wa Taalaa) the lord of the worlds. My peace and blessings be upon Mohammed, the last messenger, and his family and all his followers (Peace Be upon Him). I thank Allah for his limitless help and guidance at every instant in my life.

I would like to express my deep and heart-felt gratitude and appreciation to Dr. Mohammed Elnour A/Alla, my thesis supervisor, for his valuable advice and guidance throughout this research.

Lot of gratitude's to my best friend, Khalid Mohammed Ahmed Elabasi, who helped and encouraged me.
