SUDAN UNIVERSITY OF SCIENCE AND TECHNOLOGY

COLLEGE OF GRADUATE STUDIES

CIVIL ENGINEERING DEPARTMENT

CONSTRUCTION ENGINEERING

*Predicting Shear Strength of Reinforced Concrete Beams
With and Without Fibers Using
Artificial Neural Networks*

التنبؤ بمقاومة القص للعارضات الخرسانية المسلحة المعززة و غير المعززة بالألياف
باستخدام الشبكات العصبية الاصطناعية

A thesis submitted in partial fulfillment of the requirements for the
degree of Master in Civil Engineering

by
Amran Mohammed Othman

Supervisor
Uz. Mahmoud Ahmad Mohammed Khogali

October 2011
