## **Chapter Three**

### **Materials and Methods**

3-1		24
	Massculturing of the Predator	
3-2		25
	Compilation of Life tables data	
3-3		25
	Effect of Aphid type on the fecundity of the predator	
3-4		26
	Field Surveys	

## **Chapter Four**

### **Results and Discussion**

4-1		27
	Oviposition of the predator	
4-2		27
	Life table data Analysis	
4-3		34
	Mortality Rate among the developing stages	
4-4		35
	Field Surveys	
4-5		43
	Effect of the Aphid species on the fecundity of the	

predator

4-6

Comparison of life table parameter
